President's Message

by Dr. Gary N. Sisson

"e-Patriots"

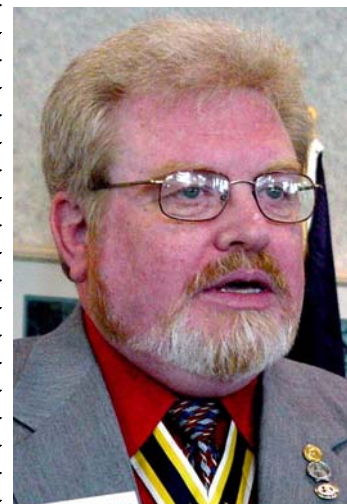

Welcome, dot-com-patriots, to the 21st century! The Dallas Chapter is grinding along, trying to keep up. We now have our own web domain (sardallas.org), a continuously updated web site, and computer-generated newsletters and membership rosters. The past 3 newsletters are on our web site for all to view. The June issue has all-color pictures. Eventually, the meeting minutes, Chapter Constitution & By-laws and membership roster will also be accessible online. I have already received membership inquiries generated by our web site and have forwarded them (via e-mail, of course) to Registrar Don Hay. Most of my SAR-related communication as your President has been via cell phone and e-mail. "The times, they are a-changin'", and we must change with them to effectively achieve the objects of the SAR in our age. I am continually impressed with how well most of you keep up with advancing technology, a clear indication of your collective understanding of its importance. The inventive minds of Benjamin Franklin and Thomas Jefferson would have been right there with you. To those who lag behind or lack interest, don't worry. You will continue to receive a paper newsletter with black-and-white pictures and may still call me on a rotary telephone and give me a piece of your mind. But beware! It wasn't *that* long ago when telephones replaced the telegraph. For those creatures of habit who like to put www. in front of their web address, that will work also. You may access our website either way: <http://sardallas.org> or <http://www.sardallas.org>
